Note: Schools nationwide are facing unprecedented issues with supply chains that may cause us to alter our posted menus with little or no notice. We are working closely with our distributors and manufacturers to secure both the food and supply items needed to support our program.

While it is our intention to serve the posted menu each day at every school, we cannot guarantee that this will occur, until the supply chains are back to normal. We will always attempt to substitute the scheduled menu item with another that is as similar as possible to the extent we are able to do so. Please know that we will always provide wholesome meals each and every day
